Dr. Joan Borysenko

has been called a rare jewel: respected scientist, gifted psychologist, and unabashed mystic. She is a distinguished pioneer in integrative medicine and a world-renowned expert in the mind/body connection. Her work has been foundational in an international health-care revolution that recognizes the role of meaning, and the spiritual dimensions of life, as an integral part of health and healing. Eloquent and inspiring in settings that range from hospitals to hospices, from theaters to conference venues, and from boardrooms to houses of worship, she is a credible bridge between faith and reason. Her brilliance, humor, and authenticity—in combination with the latest research—make her a compelling and inspiring speaker and writer.
